

ASPIRE OF LIFE INC

2021 Annual Report

President letter

Sometime, we don't need a lot to make a difference, In 2021, Aspire Of Life made significant progress donate healthy meals, hygiene supplies and care services to people

experiencing homeless.

We have been assisted by dedicated and hard-working volunteers willing to sacrifice their

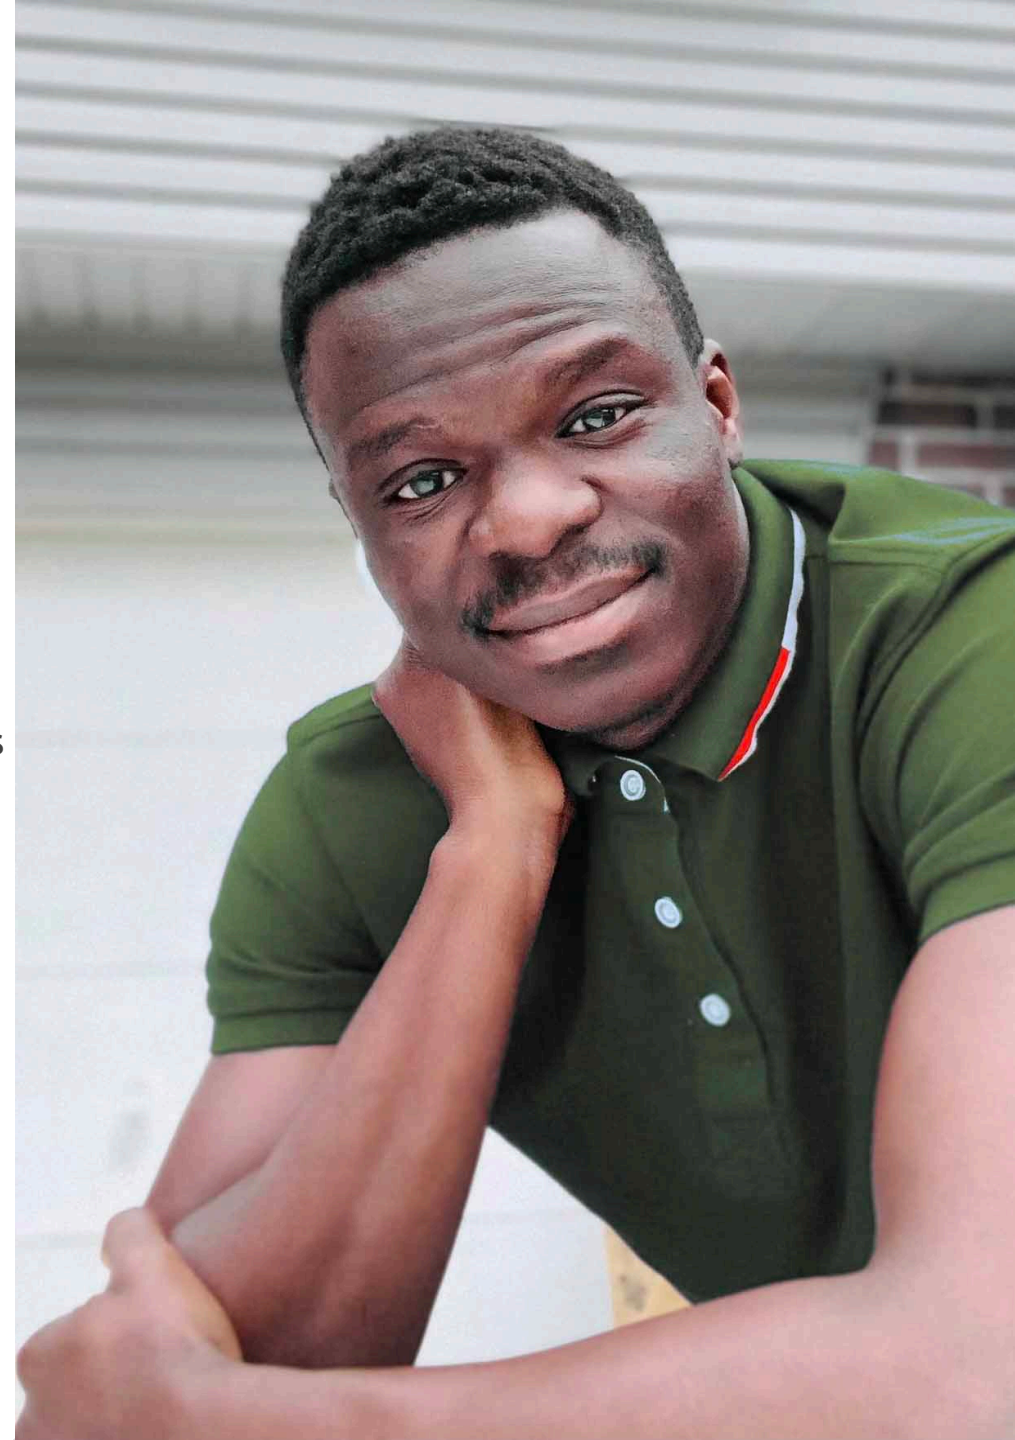

own agenda to help us contribute to improving the living conditions of our neighbors experiencing homelessness. We have together found work for a good number of them,

we even gave them rides for the job. It was amazing for August to December 2021.

Together, we'll continue to make strides for a city where everyone has access to a job,

food, hygiene and sanitation-no matter where they are.
